## 1. The profile of the educational-professional program "Economic and legal activity"

<b>1.1 – General Information</b>	
<b>Full name of the institution of higher education and its structural unit</b>	Kyiv National University of Technologies and Design Department of Private and Public Law
<b>Level of education</b>	First (Bachelor's)
<b>Educational Qualification</b>	Bachelor of Laws
<b>Qualifications stated in the diploma</b>	Degree of education: Bachelor. Specialty: 081 Law.
<b>Type of diploma and scope of educational program</b>	Bachelor's degree, individual, 240 ECTS credits.
<b>Accreditation status</b>	Certificate of accreditation of the educational program dated August 12, 2018. Series UD No. 11006402
<b>Cycle/Level</b>	National Qualifications Framework of Ukraine – Level 6.
<b>Prerequisites</b>	Admission to study for the first (bachelor's) level of higher education in the specialty 081 Law, based on the educational level of junior bachelor or educational-professional level of junior specialist in the specialty 081 Law, is carried out based on the results of external independent evaluation, subject to the requirements for the minimum competitive score established by the Admission Requirements for Higher Education for the respective year of admission for specialties in the field of knowledge 08 Law.
<b>Language(s) of instruction</b>	Ukrainian
<b>Term of validity of the accreditation of the educational program</b>	Until July 1, 2028
<b>Permanent URL of the educational program description</b>	<a href="http://knutd.edu.ua/ekts/">http://knutd.edu.ua/ekts/</a>
<b>1.2 – The goal of the educational program</b>	
<p>The educational program aims to prepare specialists who possess deep knowledge as well as basic and professional competencies in the field of law, aimed at acquiring legal knowledge in legal direction and scientific activity. Additionally, it aims to prepare qualified legal professionals capable of solving complex specialized tasks in the field of law or during the learning process, which involves the application of legal doctrines and principles and is characterized by complexity and uncertainty of conditions.</p> <p>The main objectives of the program include:</p> <ul style="list-style-type: none"> <li>- Developing the ability to solve complex specialized tasks in the field of law with an understanding of the nature and content of its basic legal institutions, as well as the limits of legal regulation of social relations in the field of economic and legal activities.</li> </ul>	
<b>1.3 – Characteristics of the educational program</b>	
<b>Subject area</b>	<p><b>Subject Area:</b> The subject of study is law as a social phenomenon. The study of law and its sources is based on legal doctrines, values, and principles, which are grounded on the rights and fundamental freedoms of individuals.</p> <p><b>Educational Goals:</b> The program aims to develop the ability to solve complex specialized</p>

	<p>tasks in the field of law with an understanding of the nature and content of its basic legal institutions, as well as the limits of legal regulation of various social relations.</p> <p>The theoretical content of the subject area includes knowledge of: the basics of individual and social group behavior; the creation, interpretation, and application of law; legal values, and principles, as well as the nature and content of legal institutions, and ethical standards of the legal profession.</p> <p>Methods, methodologies, and technologies include: general scientific and specialized methods of understanding legal phenomena; methodologies for legal assessment of behavior or activities of individuals and social groups, identification of legal issues, and their resolution based on legal principles; and digital technologies.</p> <p>Tools and equipment: modern information and communication equipment, informational resources, and software used in legal activities.</p> <p>Compulsory educational components - 75%, including practical training - 10%, learning a foreign language - 10%. Elective courses for students - 25%, chosen from the university-wide catalog according to the approved procedure at the University.</p>
<b>Orientation of the educational program</b>	Bachelor's educational-professional training
<b>The main focus of the program</b>	The program emphasizes the formation and development of both general and professional competencies in the field of law, as well as the study of theoretical and methodological principles, and organizational and practical tools of legal regulation in the sphere of economic activity.
<b>Features of the educational program</b>	The program is based on the study and mastery of modern legal doctrines, taking into account the specifics in the field of economic and legal activities.
<b>1.4 – Employability of graduates for employment and further education</b>	
<b>Employability</b>	Graduates are suitable for employment in enterprises, organizations, and institutions operating in the field of law and can occupy entry-level positions, including court session secretary; court clerk; assistant private detective; judge's assistant; legal assistant; assistant consultant to a member of the Ukrainian parliament; state executor; bailiff; patrol service inspector; investigator's assistant; inspector (penitentiary system); labor inspector (legal); legal consultant; assistant to a lawyer, etc.
<b>Academic Rights of Graduates</b>	Obtaining education at the second (master's) level of higher education. Acquiring additional qualifications in the adult education system.
<b>1.5 – Teaching and assessment</b>	
<b>Teaching and learning</b>	<p>The teaching methodology relies on student-centered and problem-oriented learning, as well as learning through educational and production practices and self-learning. The system of teaching methods is based on the principles of purposefulness and binary–active direct participation of the academic staff and the student in higher education.</p> <p>Forms of organizing the educational process include lectures, practical classes, practical training, self-study, and consultations.</p>
<b>Assessment</b>	Examinations, credits, tests, presentations, reports, quizzes, coursework (project work).
<b>1.6 – Program competencies</b>	

<b>Integrated Competence (IK)</b>	The ability to solve complex specialized tasks in the field of legal practice.	
<b>General Competencies (3K)</b>	3K 1	The ability for abstract thinking, analysis, and synthesis.
	3K 2	The ability to apply knowledge in practical situations.
	3K 3	Knowledge and understanding of the subject area and understanding of professional activity.
	3K 4	The ability to communicate in the state language both orally and in writing.
	3K 5	The ability to communicate in a foreign language.
	3K 6	Skills in using information and communication technologies.
	3K 7	The ability to learn and acquire modern knowledge.
	3K 8	The ability to be critical and self-critical.
	3K 9	The ability to work in a team.
	3K 10	The ability to act based on ethical considerations (motives).
	3K 11	The ability to exercise one's rights and responsibilities as a member of society, to understand the values of a civil (free democratic) society, and the necessity of its sustainable development, the rule of law, and the rights and freedoms of individuals and citizens in Ukraine.
	3K 12	The ability to understand equal opportunities and gender issues.
	3K 13	The ability to preserve and enhance moral, cultural, and scientific values and achievements of society based on an understanding of the history and patterns of development of the subject area, its place in the general system of knowledge about nature and society, and the development of society, technology, and technology. Utilize various types and forms of physical activity for active recreation and leading a healthy lifestyle.
	3K 14	Appreciation and respect for diversity and multiculturalism.
	3K 15	Desire to preserve the environment.
<b>Professional Competencies (ΦK)</b>	ΦK 1	Ability to apply knowledge of the fundamentals of legal theory and philosophy, as well as knowledge and understanding of the structure of the legal profession and its role in society.
	ΦK 2	Ability to analyze the retrospective development of legal phenomena and processes in the context of their impact on the modern legal system.
	ΦK 3	Valuing and respecting human dignity as the highest social value, understanding its legal nature.
	ΦK 4	The ability to apply the Convention for the Protection of Human Rights and Fundamental Freedoms, as well as the case law of the European Court of Human Rights.
	ΦK 5	The ability to apply the norms and institutions of international public law, as well as private international law.
	ΦK 6	The ability to conduct a comparative analysis of specific legal institutions of the European Union and the Council of Europe, and the legal system of Ukraine.
	ΦK 7	The ability to apply the norms and institutions of law, at least from the following areas: constitutional law, administrative law and administrative procedural law, civil and civil procedural law, labor law, criminal law, and criminal procedural law.
	ΦK 8	The ability to apply legal principles and doctrines.
	ΦK 9	The ability to use databases of judicial authorities and information technologies necessary for legal activities.

	ΦΚ 10	The ability to use diverse sources of information for thorough establishment of specific circumstances.
	ΦΚ 11	The ability to identify relevant and acceptable facts for legal analysis.
	ΦΚ 12	The ability to analyze legal issues, formulate, and justify legal positions.
	ΦΚ 13	The ability to critically and systematically analyze legal phenomena.
	ΦΚ 14	The ability to provide legal advice, including potential ways to protect the rights and interests of clients, in accordance with professional ethics requirements, ensuring proper compliance with norms regarding the non-disclosure of personal data and confidential information.
	ΦΚ 15	The ability to independently prepare drafts of legal acts for application.
	ΦΚ 16	The ability to logically, critically, and systematically analyze documents, understand their legal nature and significance.
	ΦΚ 17	The ability to analyze legal phenomena in the field of economic and legal activity.
	ΦΚ 18	The ability to formulate and justify legal positions in the field of economic and legal activity.

#### 1.7 – Learning outcomes

ΠΡΗ 1	Determining the persuasiveness of arguments in the process of assessing conditions and circumstances that are unknown in advance.
ΠΡΗ 2	Knowing and understanding international human rights standards, provisions of the Convention for the Protection of Human Rights and Fundamental Freedoms, as well as the jurisprudence of the European Court of Human Rights.
ΠΡΗ 3	Conducting collection and integrated analysis of materials from various sources.
ΠΡΗ 4	Knowing and understanding the basics of European Union law.
ΠΡΗ 5	Providing a concise legal conclusion regarding specific factual circumstances with sufficient justification.
ΠΡΗ 6	Assessing the shortcomings and advantages of specific legal arguments by analyzing a given issue.
ΠΡΗ 7	Drafting and coordinating a plan for personal research and independently gathering materials from identified sources.
ΠΡΗ 8	Applying the institutions of international public law, as well as international private law.
ΠΡΗ 9	Independently determining the circumstances where assistance is needed and acting accordingly based on the received recommendations.
ΠΡΗ 10	Effectively communicating in both the native and foreign languages, both orally and in writing, using legal terminology.
ΠΡΗ 11	Having basic skills in rhetoric.
ΠΡΗ 12	To present material on a specific legal issue to the respondent in an accessible and understandable manner.
ΠΡΗ 13	To know and understand the peculiarities of implementing and applying norms of substantive and procedural law.
ΠΡΗ 14	To utilize statistical information obtained from primary and secondary sources for legal practice.
ΠΡΗ 15	To freely utilize available information technologies and databases for legal practice.
ΠΡΗ 16	To use computer programs necessary in legal practice.
ΠΡΗ 17	To work in a team, ensuring the completion of team tasks.
ΠΡΗ 18	To apply the fundamental modern legal doctrines, values, and principles of functioning of the national legal system in professional activities.
ΠΡΗ 19	To explain the nature and content of the main legal phenomena and processes.

PIPH 20	To identify and analyze legally significant facts and make reasoned legal conclusions.
PIPH 21	Prepare drafts of necessary legal documents in accordance with the legal conclusions drawn in various legal situations.
PIPH 22	Provide consultations regarding possible ways to protect the rights and interests of clients in various legal situations.
PIPH 23	Explain legal phenomena in the field of commercial law.
PIPH 24	Deliver legal information to the subject in the field of commercial law in an accessible and understandable manner.
<b>1.8 – Resource provision for program implementation</b>	
<b>Personnel provision</b>	All academic staff responsible for the educational-professional program are qualified and match the profile and direction of the disciplines they teach. They have the necessary teaching experience and practical work experience. Professionals with experience in research, management, innovation, creative work, and/or relevant professional experience, as well as foreign lecturers, are involved in the organization of teaching.
<b>Material and technical provision</b>	The material and technical base allows for the complete provision of the educational process throughout the entire training cycle according to the educational program. The condition of the premises is confirmed by sanitary-technical passports that comply with current regulatory acts.
<b>Information and educational-methodical provision</b>	The program is fully equipped with educational and methodological materials for all components of the educational program, the availability of which is presented in the modular environment of the University's educational process.
<b>1.9 – Academic mobility</b>	
<b>National credit mobility</b>	It provides the opportunity for academic mobility in certain components of the educational program, ensuring the acquisition of general and/or professional competencies.
<b>International credit mobility</b>	The program offers prospects for participation and internships in research projects and academic mobility programs abroad (in the UK, Poland, and Slovakia).
<b>Education of foreign higher education seekers</b>	Education of foreign higher education seekers is conducted through accredited educational programs.
